Swag / items for guests - placement at info table	♥	♥	♥
Featured in FTT's social media and newsletter after the event	♥	♥	♥

**Opportunity:** A night dedicated to raising community awareness, offering a well-deserved reprieve while highlighting valuable resources that aim to lift dementia caregivers and combat stigma. Sponsors will be recognized through verbal acknowledgments and signage throughout the event, showcasing their commitment to this important cause.

**Our Mission:** Founded and run by community members who have personally experienced the isolation and hardship dementia brings to an entire family. Grounded in our values: connection, community and collaboration, we provide care navigation and hands on education to lift each other, the caregivers and the stigma.

### Goals & Impact

1. Raise consciousness of our shared mission and challenges of FTD/dementia families
2. Foster essential empathy through connection, awareness and shared experiences
3. Further community, professional, and personal engagement and partnership- bridging the lived experience with the available support for families.
